PROGRAM VALUE & KEY DIFFERENTIATORS

STRUCTURED FOR MAXIMUM EFFECTIVENESS

Each participant attends seven virtual sessions over a three month period. This format is easily accessible for participants, minimizes disruption to companies, and allows each participant to test on the job the critical insights they have learned before returning to the next session.

ONE-ON-ONE & GROUP MENTORSHIP

A personal mentor with years of executive experience is assigned to each participant, who guides them through business challenges and coaches them in creating their professional development plan. In addition, participants are given an opportunity to build mentoring relationships with their assigned peer mentor groups through programming and extracurricular sessions.

REAL-TIME, REAL-WORLD SITUATIONS

Each participant spends time solving actual business challenges by working with peers, assessing options, weighing alternatives and agreeing upon solutions. By honing their collaborative and leadership skills, they leave the program with greater self-awareness, increased proficiency and a stronger sense of accountability.

ACTION PLAN FOR SUCCESS

Graduates of Strategies for Success will leave with an individual development plan created with their supervisor's input, directly in line with their company's business objectives.

PROGRAM SCHEDULE

DAY 1— THINK LIKE A LEADER — MARCH 11

Day 1 kicks off with a discussion of why leadership matters, and the purpose and key characteristics of leaders and managers. Participants have the opportunity to discuss their company's strategy and business priorities, and reflect on where they are aligned. In this session, participants develop a plan to have a larger impact in their organizations. During Day 1, peer mentor group assignments are made, and the session closes with an interactive panel discussion with area leaders.

DAY 2 — DIVERSITY, EQUITY, INCLUSION & BELONGING WORKSHOP PART I — MARCH 18

In the first diversity, equity & inclusion workshop, the participants further connect and build trust with each other, and discuss the role that equity and justice play in leadership. The group also discusses a variety of definitions and frameworks for how best to build inclusive teams.

DAY 3 — SELF AWARENESS & EMOTIONAL INTELLIGENCE — MARCH 27

During this session, the group explores and discusses the concept of emotional intelligence and the impact it can have on their personal leadership effectiveness. Participants receive and review individual EQ360 reports based on feedback compiled prior to the program. They also learn how to interpret the feedback and incorporate it into their professional development plan.

DAY 4 — DIVERSITY, EQUITY, INCLUSION & BELONGING WORKSHOP PART II — APRIL 3

In the second diversity, equity & inclusion workshop, the group focuses on intersectionality and microaggressions, and meets in affinity groups and peer mentor groups. The session closes by exploring resources for helping to transform institutions.

DAY 5 — COMMUNICATION & FEEDBACK — APRIL 10

This session focuses on four leadership fundamentals - communicating, influencing, delegating, and managing up - and the practical application of these techniques in the workplace. Participants are paired with peers to practice these fundamentals in a safe, supportive virtual environment, and they leave this session with insights into how to inspire and lead others.

DAY 6 — EXECUTIVE BRAND & PRESENCE — MAY 15

The final day covers the importance of personal brand, presence, and effective communication as key leadership characteristics. Participants find their authentic voice and are tasked with formally communicating their company's mission and vision in a small-group virtual setting.

My experience with Strategies for Success could have not come at a better time as I was reviewing my next steps in my career.
